

# HOW TO MAXIMIZE YOUR EHR USE TO SUCCEED IN MIPS: ADVICE FOR SOLO AND SMALL GROUP PRACTICES

## Upcoming Web Event

Using your Electronic Health Records system to its fullest potential can help streamline your processes, maximize time and resources, and assist in achieving a better MIPS score. Solo practitioners and small group practices have limited time for mastering these systems but understanding how to effectively use them can make your practice more efficient and benefit your patients. This event will help everyone participating understand what your EHR can do for you and how to leverage it to maximize your MIPS score. This event will feature a panel

of experts that understand MIPS and work regularly with clinicians and their EHRs. The panel will focus on practical advice for how to efficiently use your EHR to achieve the highest possible MIPS score.

### Participants will learn:

- How to streamline workflows using your EHR
- How to effectively communicate with your EHR vendor to get the support you need
- How to successfully use your EHR to achieve better MIPS scores.
- Practical tips for addressing frequent challenges encountered by solo practitioners and small group practices when using their EHRs
- How to access **Free** technical assistance resources available right now from CMS or a local Technical Assistance Organization funded by CMS

### This event is designed for:

- MIPS-eligible clinicians from solo and small group practices with 15 or fewer clinicians
- Practice managers and other staff from small group practices
- Persons supporting small group practices that are preparing for MIPS in 2018
