

UNDERSTANDING MIPS FOR SPECIALTIES: ADVICE FOR SOLO AND SMALL GROUP SPECIALTY PRACTICES

Upcoming Web Event

Solo and small group practices face many challenges and questions as they prepare to submit their 2018 MIPS data. Many specialty practices can face additional challenges as they decide on which quality measures work best for their practice and how patients are attributed to them. In addition, some specialty practices face additional considerations when working with registries and EHRs. This event will feature a panel of experts that understand MIPS for specialists and work regularly with clinicians with limited resources to prepare for it. The panel will focus on practical advice for how to achieve MIPS scores when you are a specialist focusing on choosing the quality measures, optimizing the cost category and submitting your data.

Participants will learn:

- How to avoid penalties for specialty practices
- Answers to common questions asked by solo practitioners and small group specialists
- Practical tips for addressing common challenges encountered by solo and small group specialists
- How to access **Free** technical assistance resources available right now from CMS or a local Technical Assistance Organization funded by CMS

This event is designed for:

- MIPS-eligible clinicians from solo and small group practices with 15 or fewer clinicians
- Clinicians and others working in solo and small specialty practices
- Practice managers and other staff from small group practices
- Persons supporting small group practices that are preparing for MIPS in 2018
